RE: Ozaukee County Jail, 2017 Annual Inspection

Dear Sheriff Johnson:

The 2017 annual inspection of the Ozaukee County Jail was conducted on September 8, 2017 pursuant to Wisconsin Statute 301.37(3). The inspection involved a comparison of the facility and its operations to the Department of Corrections Administrative Code, Chapter DOC 350, and to applicable state statutes. The Ozaukee County Jail has an approved capacity of 262, and on the date of the inspection there were 185 individuals incarcerated at the facility (149 male, 36 female). This report summarizes the findings of the inspection and identifies improvements since the last annual inspection, as well as any applicable recommendations.

INSPECTION SUMMARY

Summary of Progress from the Previous Inspection

Since the last annual inspection in 2016, a number of operational changes and improvements have been realized at the Ozaukee County Jail. Some of these improvements include the following:

- Installed kiosks in each of the inmate housing units which enable everyone to order commissary, check their accounts, make requests, review jail rules, and send emails. Tablets are also available to rent through Stellar Services. The jail also purchased 15 "Edovo" educational tablets for inmate use.
- Purchased 5 new Bow-Flex exercise units as replacements in the housing units. Also purchased new medical equipment (suction machine, digital scale) and CERT equipment.

- Replaced three SCBA units.
- Continued to purchase and replace mattresses throughout the facility.

Physical Environment

The inspection included a walkthrough of the facility that included housing units, programming and multipurpose rooms, kitchen, medical and intake. Overall, the facility remains in good condition. All housing units, dayrooms, and showers appeared to be clean and well maintained. It is apparent that staff continues to hold inmates accountable for their living areas.

Safety and sanitation inspections are being completed on a monthly basis which allows staff to immediately notify maintenance of areas in need of attention. In large part, the facility remains relatively free of graffiti.

Jail Operations

Security practices are being completed as required, including monthly door and lock inspections, key control inventory, monthly safety and sanitation inspections, annual fire inspection (last completed by Port Washington Fire Department on 9/5/17), fire drills and SCBA checks, inmate classification, and physical security observation checks. The climate of the inmate general population continues to be of importance to staff as a majority of the dayrooms were once again found to be relatively quiet and respectful. At the time of inspection, the facility was housing 25 DOC state prisoners who presented a number of questions and some concerns that were addressed by the jail administrator.

A spot review of the electronic security checks via Guard One Plus indicated that checks are being completed approximately [REDACTED] minutes at irregular intervals. There continues to be significant improvement in staff completing their physical security checks from previous years as only a minimal number of the randomly reviewed checks were found to be a little beyond the 60 minute requirement. A spot review of physical security checks for those inmates under a special needs or suicide watch are being completed approximately [REDACTED] minutes and at irregular intervals.

Pursuant to administrative code, each individual admitted to the facility is provided with a copy of the Ozaukee County Jail rules and regulations. The jail rules are now available to the inmate population via the kiosks located in each housing unit dayroom. Additional information and pertinent notices are posted throughout the facility and in the housing unit dayrooms. Objective jail classification continues to be used to determine inmate housing assignments during the booking process, with all deputies trained to complete the classification instrument. Procedures are also in place to conduct searches of all general population and Huber inmates prior to entering into any of the housing units.

A disciplinary system is in place to address inmate rule violations. A range of sanctions are in place that is dependent upon the type of infraction violated. For major violations, inmates are receiving a copy of their disciplinary charges at least 24 hours prior to their hearing in accordance with administrative code. Generally, hearings are being held between 24-48 hours of the incident. Disciplinary appeals continue to be conducted by the Sergeants with a record of all actions maintained.

An inmate grievance procedure is also in place that permits inmates to address any concerns regarding the conditions of their confinement. The inmate grievance procedure also provides inmates with the ability to appeal to jail administration. The jail continues to maintain a grievance tracking system to gain a better understanding of institutional climate.

As noted in past inspections, the use of force reports continue to show that staff are providing detailed information regarding their actions as well as those of the inmate(s). Supervisory reviews of all use of force reports are also occurring in a timely manner by a POSC instructor and the Jail Administrator.

Health care services at the facility continue to be county operated. Nursing is available at the jail for approximately 100 hours per week (17 hours M-F, 7:00 am-12:00 am) (8-10 hours Saturday and Sunday). All inmates are being provided with a health care appraisal within the first 14 days of confinement in accordance with administrative code. According to nursing, the health care appraisals are typically completed within the first 24 hours of confinement. A contracted physician is on site once per week for approximately 1 hour. A full-time mental health counselor is available at the jail 37.5 hours per week, with a Psychiatrist onsite twice per month. Mental health services are also available through the county's Human Services Crisis Unit. A dentist is available at the jail once every month.

Each inmate admitted into the facility has a health screening form completed by the booking deputy, with a copy sent to the nursing staff for review. Inmates maintain the ability to request routine medical care by completing a form that is then submitted to the deputy posted at each control center. Routine sick call is completed at any time when nursing staff is on site.

Inmate meals continue to be provided through CBM Food Service. A review of the 4-week menu cycle showed that it offers a good variety of meals and meets nutritional standards. The menu is reviewed and approved by a CBM registered dietician. Two of the three meals (lunch and dinner) are served hot. The kitchen area was found to be clean and well organized. Tools and sharps are being accounted for on a daily log, [REDACTED] Freezer and cooler temperatures are also being logged daily as are the hot meal temperatures. Inmate kitchen workers also must watch an orientation video prior to being assigned to the kitchen.

[REDACTED]

would allow for a quality assurance check of all sharps that is now only completed by CBM staff.

Pursuant to administrative code, an independent external/independent food service inspection was completed by the Washington Ozaukee Public Health Department on 7/28/17. No violations were noted in the report. CBM's district manager also continues monthly inspections of the kitchen.

In large part, programming opportunities at the Ozaukee County Jail remain the same as past years. These programs include:

- Jail Literacy Program: HSED testing, critical thinking and problem solving skills, financial literacy, and computer classes. The jail continues to remain a national testing center for HSED. The program is now able to offer online college courses through MATC.
- Alcohol Anonymous and Narcotics Anonymous.
- Advocates: Representative for the local female shelter meets with females to discuss spousal abuse.
- Bible Study: Meets twice a week with males and females.
- AODA Services through the Ozaukee County Human Services Department.
- In Pursuit: Faith based rehabilitation program.
- Reformers Unanimous: Faith based drug and alcohol recovery program run by a local church group.
- Chapel Services every Sunday.
- Work search: Two temporary job assistance agencies, SEEK, Inc. and EXPRESS Services, come to the jail weekly to assist work search inmates in matching their skills with current job opportunities in Ozaukee County.

The inspection also included a review of the facility's practices regarding inmate services. Blankets are being exchanged on a monthly basis, with issued clothing items laundered twice per week, and linens once per week. The facility maintains policies and procedures for inmate services such as mail (incoming/outgoing), visitation, recreation, reading materials, and canteen (Stellar Services). These policies and procedures indicate that all inmates are being provided reasonable access to these services.

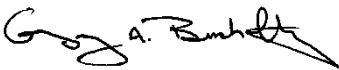

Approval

On the date of the inspection there were **no violations of Administrative Code** found at the facility. You and your staff are commended for the work being done to ensure the safety and security of Ozaukee County. Captain Jeffrey Sauer and the rest of the staff at the jail continue to do an excellent job with the operation and management of the facility.

The Ozaukee County Jail is approved for operation by this Department. This approval is with the understanding that continued compliance with the Department of Corrections Administrative Code, Chapter DOC 350 and applicable state statutes occurs.

I would like to thank Captain Sauer and the rest of your staff for their assistance and cooperation during this year's annual inspection. Please feel free to contact me should you have any questions, or if I may be of assistance to you and your Department.

Sincerely,
